

Sun City Entry Information:

Sun City: 26850 Sun City Blvd, Sun City, CA 92586

Entry Information:

This location does not have access keys or fobs. Please refer to the pictures and videos available to ensure proper access to the facility.

You will need to retrieve a walkie talkie in the lunch break area (after entering the “First Door open”) so to have communication with maintenance if anything should occur with the pool or residences.

Storage:

You can leave your items in the small storage room that is located next to the Lap pool. You do have the option to leave your items in your car as well. There should be no personal items on the sign-in table, underneath or beside your station seats as it will cause the area to look unorganized, cluttered and may cause tripping hazards.

Gear Retrieval:

The Storage room will have the First Aid box, Guideline binder and a clipboard for the sign-in sheets. There is a buoy outside of the door, retrieve the buoy and set up next to the station.

Parking:

You are allowed to park in any available parking space
