Certification Test Requirement: 100% proficiency

Grommet Falls Standard Operating Procedures

Top Dispatch Attendant / Guard:

Minimum / Maximum Staffing: 1 Dispatch Attendant

The Attendant works on the platform and performs several important functions which include:

1. Attendant will keep guests at the entrance to the platform.
2. Attendant will ask next rider to step onto platform.
3. Attendant will ensure that all riders meet the height (age) and physical requirements.
4. Attendant will ask guests to remove all footwear, eyewear, hats, unnecessary jewelry, and secure all loose articles.
5. Attendant will (Ask if they have ridden the attraction before.) explain the riding instructions as follows:
 - Riders must keep their legs straight with their ankles crossed.
 - Riders must cross their arms across their chest.
 - Riders must lie back or stay seated during the entire ride.
6. Attendant will allow one rider to ride at a time. NO LAP RIDING.
7. Attendant will begin cycle again.

Important: The Dispatch Attendant must stay very alert to what is happening on the platform. Encourage children to pick their slide quickly and exit quickly once they get to the bottom. If a child is scared once they reach the top, have them wait to the side or walk back down.

Hint: There are only single riders allowed on the attraction, no lap children. No adults or children over 54" are allowed on the slides.

Bottom Guard:

Minimum / Maximum Staffing: 1 Catchpool Lifeguard (same as Double Up)

The Guards work throughout the entire children's area and perform several important functions which include:

1. Guard will always maintain 10/20 protection rule.
2. Guard will ensure that all guests are playing safely and properly.
3. Guard will ensure that all guests stay clear of the run-out area (parents may be in area to assist children coming out of the slide)
4. Guard will ensure that guests do not engage in running or horseplay.
5. Guard should ensure that only adults with children participate.
6. Guard should ensure that all diaper aged guests are wearing an approved swim diaper.
7. Guard will assist guests as needed and be prepared to react in case of any incident.
8. Guard will ensure that no swimming or personal inflatables are allowed in the catchpool.
9. "E-Stop Verbiage"

Grommet Falls Standard Exiting Procedures

There is only one way to begin an SEP at Grommet Falls. The guards will clear the entrance platform and catch pool of all guests. This method of initiating the SEP will be used in both cases of non-emergency (i.e. closing of the park, supervision request, etc.) and in the case of a major aquatic emergency (i.e. a possible spinal, cardiac arrest, etc.). In the event of a catastrophic event, management will use our public address system to instruct guests on what to do.

Approximate SEP time: 5 minutes
