Emergency Action Plan
Wander

Equipment Locations:

First Aid Kit: Shelf under printer in Community Managers office

Water Rescue

1. One (2) Long Whistle Blow to indicate Pool Monitor is entering the water
2. Clear the pool
3. Select bystanders to summon and wait for EMS, bring First Aid Kit, etc., if needed
4. Assist victim to safety
5. Provide required care (First Aid, CPR, etc.)
6. Complete Incident Report
7. Notify Regional Manager on Duty and Community Manager
8. Assess equipment used and replace needed items

Submerged Victim

1. One (2) Long Whistle Blow to indicate Pool Monitor is entering the water
2. Clear the pool
3. Perform Rescue
4. Select a bystander to summon and wait EMS
5. Select a bystander to bring the First Aid Kit
6. Using a single rescuer extraction remove victim from the water, if you are able to and provide appropriate care.
   a. If you are unable to perform a single rescuer extraction and the victim is breathing, wait for EMS to arrive to remove the victim from the water.
   b. If victim is not breathing, give ventilations in water.
7. Complete an Incident Report
8. Notify Regional Manager on Duty and Community Manager
9. Assess equipment used and replace needed items
10. Re-open facility if it is safe to do so

(i.e. Cardiac Arrest, Breathing Emergencies, Stroke, Seizures, Diabetic Emergencies, etc.)

1. One (2) Long Whistle Blow to indicate an Emergency
2. Clear the pool
3. Select a bystander to summon and wait for EMS, if necessary
4. Select a bystander to bring the First Aid Kit
5. Clear the area

6. Provide appropriate care (i.e. CPR, Rescue Breathing, etc.) until EMS arrives
7. Complete an Incident Report
8. Notify Regional Manager on Duty and Community Manager
9. Assess equipment used and replace needed items
10. Re-open facility if it is safe to do so

Evacuations

(i.e. Fire, Severe Chemical Spill, etc.)

1. One (2) Long Whistle Blow to indicate an Emergency
2. Clear the pool and locker rooms
3. Inform all patrons that they need to move to the evacuation point
    a. The evacuation point is located at the North Parking lot.
4. Bring First Aid Kit and Lifeguard Binder with you
5. Take a count of patrons and contact information. Do not let anyone leave until you account for them.

Inclement Weather

1. Thunder or Lightning
    a. At the first sound of thunder or the first sighting of lightning, clear everyone from the water for 30 minutes. The time restarts with each sound of thunder or sighting of lightning.
2. Rain
    a. Always assume the pool is open unless you hear otherwise from your manager or the Premier Office Staff.
    b. If the rain is heavy enough to impair visibility of the bottom of the pool, contact your manager for authorization to close.
